

2016 WAMBA XCO Series

16:00 28th September 2016

Information

The information provided in this document is a summary of the “**WAMBA XC State Series and Championships – Competitor Information**” that can be referenced on the WAMBA web site via the following link. <http://www.wamba.org.au/index.php/state-series/cross-country>

There are seven (7) races in the whole series. Only the best six (6) results count towards the series points.

Only financial members of MTBA are eligible for end of season state series prizes and awards. **Note:** Riders shown with “**NM**” in the left MTBA column of the series results are currently not Members of MTBA. An MTBA “Day Licence” is not MTBA membership it is only to cover insurance for the race day. Non MTBA members are allocated a “Rank” of 999 for sorting purposes.

Changing Categories

If you change categories **after one race**, your points for that race will be calculated using your average lap time in reference to the lap times of the new category.

For example if you finished 1st in the “Male B” category with an average lap time of 23.56 minutes and changed to the “Male A” category. If your average lap time for the race would have placed you in 7th position in the “Male A” category you will be assigned points for finishing 7th in the new category.

If a position has been calculated in relation to a change of category using the finishing time rule it will be shown in the series result system as for example **FBt=4**. This indicates that a finishing position of 4 has been assigned based on the calculated race time the rider would have achieved should they have completed in the new category.

If you change **after more than one race** then 75% of your points for each race will be transferred to the new category. If points have been allocated in a new category using this rule they will be shown as for example **FC=1** and the points will be shown as 0.75 of the points for that finishing position.

Finishing Classification

To be classified as finishing a race you must complete the allocated race distance or if lapped by the category race leader complete the race after the race leader has finished in which case your race time will be greater than the category race winner.

If you withdraw from the race prior to the race finish then you will be classified as "Did Not Finish" (DNF).
