

# 2017 WAMBA XC Olympic Series

11:15 1st August 2017

## Information

The information provided in this document is a summary of the “**WAMBA XC Olympic State Series and Championships – Competitor Information**” that can be referenced on the WAMBA web site via the following link. <http://www.wamba.org.au/index.php/state-series/cross-country>

There are seven (7) races in the series. Only the best six (6) results count towards the series points.

Only financial members of MTBA are eligible for end of season state series prizes and awards. **Note:** Riders shown with “**NM**” in the left MTBA column of the series results are currently not Members of MTBA. An MTBA “Day Licence” is not MTBA membership it is only to cover insurance for the race day. Non MTBA members are allocated a “Rank” of 999 for sorting purposes and will appear at the bottom of the list.

## Changing Categories

The first race of any new comer will be classified as a “Seeding Race”. If they find they were too fast or too slow for the category they can change to a different category for their second race. All points earned in the first race will be transferred to the new category.

If you are not classified as a new comer and change categories **after one race**, your points for that race will be calculated using your average lap time in reference to the lap times of the new category.

*For example if you finished 1<sup>st</sup> in the “Male B” category with an average lap time of 23.56 minutes and changed to the “Male A” category. If your average lap time for the race would have placed you in 7<sup>th</sup> position in the “Male A” category you will be assigned points for finishing 7<sup>th</sup> in the new category.*

If a position has been calculated in relation to a change of category using the finishing time rule it will be shown in the series result system as for example **FBt=4**. This indicates that a finishing position of 4 has been assigned based on the calculated race time the rider would have achieved should they have completed in the new category.

If you change **after more than one race** then 75% of your points for each race will be transferred to the new category. If points have been allocated in a new category using this rule they will be shown as for example **FC=1** and the points will be shown as 0.75 of the points for that finishing position.

**Finishing Classification**

To be classified with a finishing position in a race you must complete a minimum of one lap of the course. Competitors failing to complete the minimum one lap will be classified as “Did Not Finish” (DNF).

**Questions Relating to Results**

If you have any questions relating to the results please contact John Halford via [halfordjk@gmail.com](mailto:halfordjk@gmail.com)
